Case #002: The Stolen Sound

> In the neon glow of 1980s Los Angeles, the West Hollywood Records store was rocked by a daring theft. A prized vinyl record, worth over $10,000, vanished during a busy evening, leaving the store owner desperate for answers. Vaguely recalling the details, you know the incident occurred on July 15, 1983, at this famous store. Your task is to track down the thief and bring them to justice.

Objectives

```
1.Retrieve the crime scene report for the record theft using the known date
and location.
2.Retrieve witness records linked to that crime scene to obtain their
clues.
3.Use the clues from the witnesses to find the suspect in the suspects
table.
4.Retrieve the suspect's interview transcript to confirm the confession.
```

Gathering Information: `crime_scene`

```
select * from crime_scene
where type='theft'
and date='19830715'
```

id	date	type	location	description
65	19830715	theft	West Hollywood Records	A prized vinyl record was stolen from the store during a busy evening.

Search for the witness(es)

```
select * from witnesses
where crime_scene_id=65
```

id	crime_scene_id	clue
28	65	I saw a man wearing a red bandana rushing out of the store.
75	65	The main thing I remember is that he had a distinctive gold watch on his wrist.

> There are two witnesses. 1st saw **a man, red bandana**. 2nd remembered a man had a distinctive **gold watch on his wrist**.

Search `suspects` based on witnesses clues

```
select * from suspects
where bandana_color='red'
and accessory like 'gold watch'
```

id	name	bandana_color	accessory
35	Tony Ramirez	red	gold watch
44	Mickey Rivera	red	gold watch
97	Rico Delgado	red	gold watch

Get the transcript from `interviews` based on 3 suspects

```
select * from interviews
where suspect_id in(35,44,97)
```

suspect_id	transcript
35	I wasn't anywhere near West Hollywood Records that night.
44	I was busy with my music career; I have nothing to do with this theft.
97	I couldn't help it. I snapped and took the record.

> Based on the transcript, we can surely know that id `97` as the `theft`.

Submission

```
select * from suspects
where id=97
```

id	name	bandana_color	accessory
97	Rico Delgado	red	gold watch

Result

> Case Closed
> Case Solved!
> Excellent work, detective! Rico Delgado has confessed to stealing the prized vinyl record.
